## **DEDICATION**

This book is again dedicated to my wife, Mona, and my children Melissa, Mark, and Melanie, and with sincere gratitude to them and all other who contributed to its production.

It is my hope that these chapters may help to bring some organization to the sprawling topic of contract law in New Jersey, which is in many ways unique. This Fifth Edition should assist the practitioner further by (1) adding more topics of increasing interest under our developing jurisprudence, (2) again refining pre-existing topics, (3) adding more case examples and correlating prior ones to relevant principles, (4) fine-tuning and updating existing citations, and (5) incorporating analysis of much recent case law, as well as (6) providing many more forms.
